## The Concept School Golf Outing May 24<sup>th</sup>, 2016

I am thrilled to say this was our 14th annual Tournament Fundraiser for The Concept School. Without your continued generosity and support, we could not have reached such a wonderful milestone. Your time and contribution has enriched the lives of many children. I am so grateful for your generosity.

The Concept School is a small-school community established 44 years ago to help students overcome obstacles in their path to learning. Dedicated teachers and staff recognize each child's potential for learning. They provide caring and individualized attention which allows students to flourish and discover their place in society.

Proceeds from this golf tournament help The Concept School achieve their goals. Thank you for joining us on the greens at the Glen Mills Golf Course and in sponsoring this special community event.

With sincere gratitude,

**Herman Goldner**

Board President – The Concept School
